

RIVER HILLS INCLEMENT WEATHER NOTIFICATIONS

River Hills School serves 107 students from 28 districts which involves approximately 33 busses. With inclement weather approaching, we want to make sure parents, school districts, bus drivers and staff are all aware of our weather procedures.

River Hills School follows the Cedar Falls School District policy for cancellations, late starts and early dismissals. All late starts are 90 minutes, resulting in a 10:15 student start time.

We are requesting all parents, group home, bus drivers and school districts sign up for both of the following methods of notification.

As much as we would like to contact each individual, it is an impossible task when weather related situations occur.

The school will utilize the following two forms of notification in the event of a late-start, early dismissal or cancellation:

Iowa School Alerts:

Go to [Iowa School Alerts](#)

Next to "Subscription Type" there is a drop-down menu

Sign up for "e-mail alerts or text messages"

If you want both types of communication, you can only sign up for one type at a time

KWWL:

Want weather at your fingertips? On the go? Wherever you are? Get the free StormTRACK 7 app on your phone or tablet -- now with all new features!

TO DOWNLOAD THE STORMTRACK7 APP ON AN IPHONE OR IPAD, visit the app store and search KWWL. Click on the 'download' option for the StormTrack7 app. Once the app is downloaded, open it by clicking on the main app icon. From there, you can select your location to get specific weather updates and alerts. Feel free to poke around to get to know the app. Make sure to turn on your alerts in 'settings' so you can receive weather push alerts, which are sent out by our weather team.

TO DOWNLOAD THE STORMTRACK7 APP ON AN ANDROID, visit the Google play store and search KWWL. Click on the 'download' option for the StormTrack7 app. Once the app is downloaded, open it by clicking on the main app icon. From there, you can select your location to get specific weather updates and alerts. Feel free to poke around to get to know the app. Make sure to turn on your alerts in 'settings' so you can receive weather push alerts, which are sent out by our weather team.
