

2020-21 Universal Screening Windows for Regular School Year Buildings

Dates for the 2020-21 screening windows have been set. It is recommended that a two week time period within each window be identified to complete the majority of screenings in your building. Schools with year round calendars will be contacted directly by the Department.

Please note that these dates have been extended beyond typical screening windows to accommodate and add more flexibility for the different learning models that schools might be implementing this year.

Season	Window Opens	Window Closes
Fall	August 17, 2020	October 9, 2020
Winter	January 4, 2021	February 26, 2021
Spring	April 12, 2021	June 4, 2021
