INDEPENDENT AUDITORS' REPORT

Board of Directors
Central Rivers Area Education Agency
Cedar Falls, Iowa

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Central Rivers Area Education Agency (Agency), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Agency as of June 30, 2021, and the respective changes in financial position and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter Regarding Change in Accounting Principle

During the year ended June 30, 2021, the Agency adopted the provisions of Governmental Accounting Standards Board Statement (GASB) No. 84, *Fiduciary Activities*. As a result of this standard, the Agency reported a restatement for a change in accounting principle (see Note 15). Our auditors' opinion was not modified with respect to the restatement.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, the schedule of the Agency's proportionate share of the net pension liability, the schedule of Agency contributions and the schedule of changes in the Agency's total OPEB liability and related ratios on pages 5 through 11 and 44 through 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The combining fund financial statements and schedule of revenues by source and expenditures by function are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is also presented for purposes of additional analysis and is not a required part of the financial statements.

Other Matters (Continued)

Other Information (Continued)

The combining fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The schedule of revenues by source and expenditures by function has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report, dated February 10, 2022, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

**CENTRAL RIVERS AREA EDUCATION AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2021**

Central Rivers Area Education Agency provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2021. We encourage readers to consider this information in conjunction with the Agency's financial statements, which follow.

2021 FINANCIAL HIGHLIGHTS

General Fund revenue and other financing sources increased from \$49,742,073 in fiscal year 2020 to \$50,750,952 in fiscal year 2021, an increase of \$1,008,879. General Fund expenditures and other financing uses increased from \$48,410,747 in fiscal year 2020 to \$48,671,911 in fiscal year 2021, an increase of \$261,164. General Fund net change in fund balance was \$1,331,326 in fiscal year 2020 compared to \$2,079,041 in fiscal year 2021. This primarily resulted in an increase in the Agency's General Fund balance from \$11,479,920 in fiscal year 2020 to \$13,558,961 in fiscal year 2021.

The increase in General Fund revenue and other financing sources of \$1,008,879, was primarily the result of increased state and federal funding. The increase in General Fund expenditures and other financing sources of \$261,164 was primarily the result of increased salary and benefit costs. The fund balance of \$13,558,961 consists of non-spendable fund balance of \$228,445, restricted fund balance of \$1,111,070, committed fund balance of \$5,808,717, assigned fund balance of \$60,309, and unassigned fund balance of \$6,350,420. The unassigned fund balance as of the end of the fiscal year 2021 represents approximately 13.0% of the fiscal year 2021 expenditures and other financial uses.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Agency's financial activities.
- The Government-Wide Financial Statements consist of a statement of net position and a statement of activities. These provide information about the activities of Central Rivers Area Education Agency as a whole and present an overall view of the Agency's finances.
- The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report the Agency's operations in more detail than the Government-wide statements by providing information about the most significant funds.
- Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

**CENTRAL RIVERS AREA EDUCATION AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2021**

USING THIS ANNUAL REPORT

- Required Supplementary Information further explains and supports the financial statements with a comparison of the Agency's budget for the year, the Agency's share of the net pension liability and related contributions, as well as presenting the schedule of changes in the Agency's total OPEB liability and related ratios.
- Supplementary Information provides detailed information about the nonmajor funds. In addition, the schedule of expenditures of federal awards provides details of various federal programs benefiting the Agency.

REPORTING THE AGENCY AS A WHOLE

Government-Wide Financial Statements

The Government-wide statements report information about the Agency as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the Agency's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. All of the current year revenue and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two Governmental-wide statements report the Agency's net position and how it has changed. Net position is one way to measure the Agency's financial health or position. Over time, increases or decreases in the Agency's net position are an indicator of whether financial position is improving or deteriorating. To assess the Agency's overall health, additional nonfinancial factors, such as changes in the Agency's property tax base the condition of its facilities, need to be considered.

Most of the Agency's basic services are included in governmental activities. These include regular and special education instruction, student and instructional staff support services and administration. Local school districts, federal and state aid finance most of these activities.

Fund Financial Statements

The fund financial statements provide detailed information about the Agency's funds, focusing on its most significant or "major" funds – not the Agency as a whole. Funds are accounting devices the Agency uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law or by bond covenants. The Agency establishes other funds to control and manage money for particular purposes, such as accounting for major construction projects or to show that it is properly using certain revenue, such as federal grants.

**CENTRAL RIVERS AREA EDUCATION AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2021**

REPORTING THE AGENCY AS A WHOLE

Fund Financial Statements

The Agency has three kinds of funds:

1. Governmental funds account for most of the Agency's basic services. These focus on how cash and other financial assets readily converted to cash flow in and out and the balances left at year-end available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Agency's programs. The Agency's governmental funds include: (a) the General Fund, (b) the Special Revenue Funds, (c) the Capital Projects Fund, and (d) the Debt Service Fund.

The required financial statements for governmental funds include a balance sheet and a statement of revenue, expenditures, and changes in fund balances.

2. Proprietary funds include internal services funds which are used to account for dental and health insurance, and employee flexible dollars.

The required financial statements for the proprietary funds include a statement of net position, a statement of revenues, expenses and changes in net position and a statement of cash flows.

3. Custodial funds are funds through which the Agency administers and accounts for certain federal and/or state grants on behalf of other entities. The Agency is responsible for ensuring assets reported in the fiduciary funds are used only for their intended purposes and by those to whom the assets belong. The Agency excludes these activities from the Governmental-wide financial statements because it cannot use the assets to finance its operations.

The required financial statements for fiduciary funds are a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

Reconciliations between the Government-wide financial statements and the fund financial statements follow the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of financial position. The Agency's net position as of the end of fiscal year 2021 was \$6.6 million deficit compared to a deficit balance of approximately \$7.9 million as of the end of fiscal year 2020.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2021**

INDIVIDUAL FUND ANALYSIS

As previously noted, Central Rivers Area Education Agency uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Agency's governmental funds reported combined fund balances of \$13,558,961, which is an increase from the beginning of the year fund balances of \$11,479,920.

Governmental Fund Highlights

The General Fund balance increased \$2,079,041. The primary reason for the increase in the General Fund balance was due to the decrease in travel expenditures and an increase in revenue from state and federal sources.

BUDGETARY HIGHLIGHTS

Area Education Agencies are required to submit the original certified budget to the Department of Education by February 15th. This due date is frequently before the legislature has set funding levels for the fiscal year budget being certified and before federal allocations are known. It may also be prior to knowing settlements with collective bargaining units. Therefore, the Agency amended its budgeted revenues and expenditures to reflect more accurate assumptions.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2021, the Agency had invested \$11,266,902, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, computers, and audio-visual equipment. This is a net decrease of \$175,495 from the prior fiscal year.

The Agency reported depreciation expense of \$792,564 in fiscal year 2021 and total accumulated depreciation of \$11,897,206 as of June 30, 2021. More detailed information about capital assets is available in Note 3 to the financial statements.

Long-Term Liabilities

As of June 30, 2021, the Agency had \$38,527,719 of long-term liabilities that consisted of net pension liability, total OPEB liability, certificates of participation, lease obligations, compensated absences, and termination benefits. In fiscal year 2017, the Agency sold \$6,082,240 in certificates of participation for land and facilities. More detailed information about the Agency's long-term liabilities is available in Note 6 to the financial statements.

**CENTRAL RIVERS AREA EDUCATION AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2021**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

At the time these financial statements were prepared and audited, the Agency was aware of several existing circumstances that could significantly affect its financial health in the future:

The agency continued to see savings from the reduction in travel expenses and mileage reimbursement to employees due to changes made during the COVID-19 pandemic. It is unclear how COVID-19 will impact future fiscal years and if these changes will remain permanent.

Due to the economy, state and federal funding levels continue to be an area of concern for the LEAs and AEAs throughout the state. For fiscal year 2022, the supplemental state aid was set by the legislature at 2.40% and the state-wide reduction to all area education agencies remained at \$22.5 million.

With much of our funding based on enrollment, stable enrollment is critical in maintaining a sound financial position. The Agency had seen an increase of 72.7 in the budgeted enrollment in the Fall of 2021.

Health Insurance contributions can have a significant impact on the Agency's negotiated settlements and employee benefit expenses. The Agency has decided to fully self-fund their health insurance plan beginning with the July 1, 2018, plan year. The self-insurance fund balance at the end of fiscal year 2021 was \$1,723,252.

The Agency continued to lease the Special Education and Conference Center facilities to a school district in fiscal year 2021. Once the lease is terminated, the Agency will resume looking for buyers interested in purchasing these facilities. It is the intent of the Board to commit the proceeds and investment income from the sale of the facilities, to repay the lease purchase agreement the Board approved in January, 2017. As of June 30, 2021, the Board had committed \$4,607,770 toward the repayment of the remaining principal of \$4,837,800.

CONTACTING THE AGENCY'S FINANCIAL MANAGEMENT

This financial report is designed to provide the Agency's citizens, taxpayers, customers, investors, and creditors with a general overview of the Agency's finances and to demonstrate the Agency's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Chief Financial Officer's office of Central Rivers Area Education Agency, 1521 Technology Parkway, Cedar Falls, Iowa, 50613.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES (DEFICITS) – GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
JUNE 30, 2021**

Net Change in Fund Balances - Total Governmental Funds \$ 2,079,041

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the estimated useful lives of the assets. The loss on disposals and depreciation/amortization expense exceeded capital outlay expenditures in the current year, as follows:

Expenditures for Capital Assets	\$ 621,675	
Loss on Disposals	(4,606)	
Depreciation/Amortization Expense	<u>(792,564)</u>	(175,495)

Internal service funds are used by management to charge the costs of dental and health insurance and employee flexible dollars to individual funds. The change in net position of the internal service funds are included in governmental activities in the statement of net position. (5,041)

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

Certificates of Participation		339,188
Capital Leases		40,204

Governmental funds report pension and other postemployment benefit contributions as expenditures when made. However, in the Statement of Activities, pension and other postemployment benefit expense is the cost of benefits earned, adjusted for member contributions, the recognition of changes in deferred outflows and inflows of resources related to pensions and other postemployment benefits, and the investment experience.

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:

**CENTRAL RIVERS AREA EDUCATION AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Central Rivers Area Education Agency (Agency) is an intermediate school corporation established to identify and serve children who require special education. The Agency also provides media services and education support services. These programs and support services are provided to 53 public school districts and 18 nonpublic school districts in an eighteen-county area. The Agency is governed by a Board of Directors whose members are elected on a nonpartisan basis.

The Agency's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board.

Reporting Entity

For financial reporting purposes, the Agency has included all funds, organizations, agencies, boards, commissions, and authorities. The Agency has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Agency are such that exclusion would cause the Agency's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Agency to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Agency.

These financial statements present Central Rivers Area Education Agency and its component units. The component units described below are included in the Agency's reporting entity because of the significance of the operational or financial relationship with the Agency.

Discretely Presented Component Unit

The AEA6 Foundation (Foundation) is a legally separate entity, organized as a charitable organization under Chapter 501(c)(3) of the Internal Revenue Code. The Foundation's primary purpose is to collect funds and provide financial support for a swimming pool operated by Central Rivers Area Education Agency. The Foundation is governed by a seven-member Board of Directors. In accordance with criteria set forth by the Governmental Accounting Standards Board, the Foundation meets the definition of a component unit which should be discretely presented. The financial information presented is as of and for its year-end of December 31, 2020.

Blended Component Unit

The Central Rivers Area Education Agency Foundation (Foundation) is a legally separate entity, organized as a charitable organization under Chapter 501(c)(3) of the Internal Revenue Code. The Foundation's primary purpose is to collect funds and provide financial support for the Agency. Although it is legally separate from the Agency, Central Rivers Area Education Agency Foundation is, in substance, part of the Agency's operations and therefore data from this unit is combined with data of the primary government.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation

Government-wide financial statements – The Statement of Net Position and the Statement of Activities report information on all of the activities of the Agency. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities normally are supported by intergovernmental revenue.

The Statement of Net Position presents the Agency's nonfiduciary assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following categories:

Net Investment in Capital Assets – consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position – results when constraints placed on net position use are either externally imposed or are imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position – consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Unrestricted interest income and other items not properly included among program revenues are reported as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental, proprietary and fiduciary funds, even though the latter are excluded from government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The Agency reports the following major governmental fund:

The General Fund – The General Fund is the general operating fund of the Agency. All general revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

**CENTRAL RIVERS AREA EDUCATION AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

The Agency reports the following proprietary funds:

The Internal Service, Dental/Health Insurance Fund is used to account for the Agency's self-funded dental and health insurance programs.

The Internal Service, Employee Flexible Dollars Fund is used to account for the Agency's Employee flexible benefit program.

The Agency also reports the following fiduciary funds:

The Custodial Funds are used to account for assets held by the Agency as an agent for individuals, private organizations and other governments.

Measurement Focus and Basis of Accounting

The government-wide financial statements and the proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the Agency considers revenues to be available if they are collected within 60 days after year-end.

Intergovernmental revenues (shared revenues, grants, and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the Agency.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

**CENTRAL RIVERS AREA EDUCATION AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus and Basis of Accounting (Continued)

Under the terms of grant agreements, the Agency funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the Agency's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the Agency's policy is to pay the expenditure from restricted fund balance and then from, less-restrictive classifications - committed, assigned, and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Agency's internal service are employee contributions. Operating expenses for the internal service funds are claims, premiums, and fees. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Due from Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenue, grants, and reimbursements from other governments.

Inventories – Inventories are stated at cost using the first-in, first-out method and consist of expendable supplies and materials. The cost of these items is recorded as an expenditure at the time of consumption.

Prepays– Certain payments to vendors reflect future accounting periods and are recorded as prepaid expenses in both the Government-wide and the fund financial statements on the consumption method.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity (Continued)

Capital Assets

Capital assets, which include property and furniture and equipment are reported in the governmental activities column in the government-wide statement of net position. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated acquisition value at the date of donation. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the Agency as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Land	\$ 2,000
Buildings	10,000
Improvements Other Than Buildings	2,000
Intangibles	100,000
Furniture and Equipment	2,000
Library Books and Films	No threshold

Capital assets of the Agency are depreciated/amortized using the straight-line method of depreciation and library books are depreciated using the composite method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Buildings	50 Years
Improvements Other Than Buildings	20-30 Years
Intangibles	2-10 Years
Furniture and Equipment	5-20 Years
Library Books and Films	5 Years

Deferred Outflows of Resources – Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense and contributions from the employer after the measurement date but before the end of the employer’s reporting period.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity (Continued)

Salaries and Benefits Payable – Payroll and related expenses for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

Compensated Absences – Agency employees accumulate a limited amount of earned but unused vacation and paid time off hours for subsequent use or for payment upon termination, death, or retirement. Agency policy limits yearly payouts to the total accumulation in the severance fund in any one year. However, a liability has been recorded in the statement of net position representing the noncurrent portion of compensated absences since it is considered probable that these payments will be made. This liability has been computed based on rates of pay in effect at June 30, 2021. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Education Instruction Fund.

Long-Term Liabilities – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the statement of net position.

Pensions – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Total OPEB Liability – For purposes of measuring the total OPEB liability, deferred inflows of resources and OPEB expense, information has been determined based on the Agency's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund.

Deferred Inflows of Resources – Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year.

**CENTRAL RIVERS AREA EDUCATION AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity (Continued)

Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of receivables not collected within sixty days after year-end. Deferred inflows of resources in the statement of net position consists of the unamortized portion of the net difference between projected and actual earnings on the pension and OPEB plan investments, changes in proportion and differences between Agency contributions and proportionate share of contributions for pensions and OPEB, and changes of assumptions or other inputs for the pension and OPEB plans.

Fund Balances – In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts which can be used only for specific purposes determined pursuant to constraints formally imposed by the Board of Directors through resolution approved prior to year-end. Committed amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same action it employed to commit these amounts.

Assigned – Amounts that are constrained for specific purposes by action of the Board of Directors.

Unassigned – All amounts not included in the preceding classifications.

Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as required supplementary information. During the year ended June 30, 2021, the Agency's expenditures/expenses did not exceed the approved budget.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 CASH, CASH EQUIVALENTS, AND INVESTMENTS

The Agency's deposits in banks at June 30, 2021 were entirely covered by federal depository insurance or by the state sinking fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Agency is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Directors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts, and warrants or improvement certificates of a drainage district.

The Agency had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 72.

Interest Rate Risk

The Agency's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) to instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of the Agency.

NOTE 2 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

AEA6 Foundation (Continued)

The AEA6 Foundation uses the fair value hierarchy established by generally accepted accounting principles based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant observable inputs. Level 3 inputs are significant unobservable inputs.

The recurring fair value measurement for the above investments was determined using the last reported sales price at current exchange rates (Level 1 inputs).

NOTE 3 CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2021 is as follows:

Total		<u><u>\$ 580,777</u></u>

The Special Revenue – Special Education Instruction interfund payable to the General Fund is to repay special education billings not received prior to the end of the current year. The Internal Service interfund receivables are related to self-funded insurance premiums withheld from employee paychecks that were not remitted to the internal service fund as of year-end.

NOTE 5 INTERFUND TRANSFERS

The detail of interfund transfers for the year ended June 30, 2021 is as follows:

Transfer to	Transfer from	Amount
Nonmajor Funds - Debt Service	General Fund	\$ 503,964
Nonmajor Funds - Debt Service	Nonmajor Funds - Special Education Instruction	2,979
Nonmajor Funds - Capital Projects	General Fund	75,306

Certificates of Participation

The Agency sold certificates of participation for land and facilities for a total of \$6,082,240 on January 10, 2017. The certificates of participation represent an ownership interest of the certificate holder in a lease purchase agreement. The certificates mature over a period of 16 years with an interest rate of 2.63% per annum and the Agency has an option to prepay. The following is a schedule by years of future minimum payments required:

<u>Year Ending</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

Capital Lease

The Agency has entered into various lease agreements for financing of copy machines. Both leases qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the date of inception. Original cost and accumulated depreciation included in capital assets for these items are as follows:

<u>Asset</u>	<u>Amount</u>
Canon Copiers	50,366
Access Copiers	140,223
Less: Accumulated Depreciation	<u>(54,729)</u>

NOTE 7 OPERATING LEASES

The Agency leases various facilities within the area to house its different divisions under leases with remaining terms of one year or less. These leases have been classified as operating leases and, accordingly, all rents are recorded as expenditures when incurred. Certain leases are renewable for additional periods. Some of the leases also require the payment of normal maintenance and insurance on the properties. In most cases, management expects that the leases will be renewed or replaced by other leases.

Total rental expenditures for the year ended June 30, 2021 for all operating leases, except those with terms of a month or less that were not renewed, were \$23,709.

NOTE 8 PENSION PLAN

Plan Description

IPERS membership is mandatory for employees of the District, except for those covered by another retirement system. Employees of the District are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at 7401 Register Drive PO Box 9117, Des Moines, IA 50306-9117 or at www.ipers.com.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits

A regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service

**CENTRAL RIVERS AREA EDUCATION AGENCY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 8 PENSION PLAN (CONTINUED)

Pension Benefits (continued)

plus the members age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month that the member receives benefits before the member's earliest normal retirement age. For service earned starting July 1, 2012, the reduction is 0.50% for each month that the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits

A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions

Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. Statute limits the amount rates can increase or decrease each year to one percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and the methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2021, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the Agency contributed 9.44% of covered payroll for a total rate of 15.73%.

NOTE 8 PENSION PLAN (CONTINUED)

Contributions (continued)

The Agency's contributions to IPERS for the year-end June 30, 2021 totaled \$3,243,680.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the Agency's liability for its proportionate share of the net pension liability totaled \$30,142,200. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Agency's proportion of the net pension liability was based on the Agency's share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2020, the Agency's collective proportion was 0.432100%, which is a decrease of 0.024287 from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the Agency recognized pension expense of \$3,996,513. At June 30, 2021, the Agency reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ 33,299	\$ 714,447
Changes of Assumptions	1,547,189	-

Agency Contributions Subsequent to the Measurement Date	3,243,680	-
Total	<u>\$ 7,352,323</u>	<u>\$ 2,765,944</u>

The \$3,243,680 reported as deferred outflows of resources related to pensions resulting from the Agency contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

NOTE 8 PENSION PLAN (CONTINUED)

Actuarial Assumptions

The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurements:

Rate of Inflation (effective June 30, 2017)	2.60% per annum
Rates of Salary Increases (effective June 30, 2017)	3.25 to 16.25% average, including inflation. Rates vary by membership group.
Long-Term Investment Rate of Return (effective June 30, 2017)	7.00%, compounded annually, net of investment expense, including inflation.
Wage Growth (effective June 30, 2017)	3.25% per annum based on 2.6% inflation assumption and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2019 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	22.0 %	4.43%
International Equity	17.5	5.15%

Discount Rate

The discount rate used to measure the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the contractually required rate and that contributions from the Agency will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Agency's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Agency's proportionate share of the net pension liability calculated using the discount rate of 7.0%, as well as what the Agency's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower (6.0%) or 1% higher (8.0%) than the current rate.

	1% Decrease 6.0%	Discount Rate 7.0%	1% Increase 8.0%
Agency's Proportionate Share of the Net Pension Liability	\$ 50,259,575	\$ 30,142,200	\$ 13,274,089

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website www.ipers.org.

Payables to the Pension Plan

At June 30, 2021, the Agency reported payables to IPERS of \$469,406 for legally required Agency contributions.

NOTE 9 OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description and Benefits Provided

The Agency operates a single-employer health benefit plan which provided medical and prescription drug benefits for employees, retirees and their spouses. There are 468 active and 26 retired members in the plan. Retired participants must be age 55 or older at retirement. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

The medical and prescription drug coverage is provided through a fully insured plan with Wellmark. Retirees under age 65 pay the same premium for the medical/prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

NOTE 9 OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Total OPEB Liability

The Agency's total OPEB liability of \$3,032,993 was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and the entry age service actuarial cost method, applied to all periods included in the measurement:

Rate of Inflation (effective June 30, 2020)	2.50% per annum
Discount Rate (effective June 30, 2020)	1.92%, compounded annually, including inflation.
Healthcare Cost Trend (effective June 30, 2020)	6.40% per annum

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Discount Rate – The discount rate used to measure the total OPEB liability was 1.92% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA as of the measurement date.

Mortality rates are from the RP2014 Annuity Mortality Table, applied on a gender-specific basis.

NOTE 10 RISK MANAGEMENT

The Agency is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The Agency assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The Agency is involved in certain other legal proceedings and disputes considered by management to be ordinary and incidental, or which have no foundation in fact. Management believes that valid defenses exist as to all such litigation and disputes and is of the opinion that these will not have a material effect on the Agency's financial statements.

NOTE 11 EMPLOYEE DENTAL AND HEALTH PLAN

The Agency currently sponsors a self-funded dental and health plan. The Agency contracts with an insurance company to administer the plan. The cost of maintaining the plan is supported by premium contributions made by the employer, employee, retirees and COBRA participants.

The following is a summary of the claims and activity for the years ended June 30:

	2021	2020

Teacher Leadership Technical Assistance	212,709
Teacher Salary Supplement	25,738
Youth Mental Health	19,143

NOTE 13 COMMITMENTS AND CONTINGENCIES

Employee Benefits

Employees accumulate sick pay based upon years of service. Unused sick days may be carried forward until needed by the employee, up to a maximum amount established for each employee group. Upon termination, retirement or death, unused days are forfeited; therefore, no accrual is required.

NOTE 14 UNCERTAINTIES

During the fiscal year, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. Subsequent to year-end, the COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the Agency, COVID-19 may impact various parts of its 2022 operations and financial results. Management believes the Agency is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still developing.

NOTE 15 ACCOUNTING CHANGE/RESTATEMENT

Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*, was implemented during fiscal year 2021. The new requirements change the definition of fiduciary activity and establish new financial reporting requirements for Agencies which report fiduciary activity.

The restatement to retroactively report the change in fiduciary net position is as follows:

BUDGETARY REPORTING
JUNE 30, 2021**

NOTE 1 PURPOSE OF SCHEDULE

This budgetary comparison is presented as required supplementary information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

The Agency's Board of Directors annually prepares a budget on a basis consistent with accounting principles generally accepted in the United States of America for all funds except Agency Funds. Although the budget document presents function expenditures/expenses by fund, the legal level of control is at the total expenditure/expense level, not by fund. After required public notice and hearing in accordance with the Code of Iowa, the Board submits its budget to the State Board of Education. The State Board reviews the proposed budget and either grants approval or returns it without approval with comments. Any unapproved budget must be resubmitted to the State Board for final approval. The budget may be amended during the year utilizing procedures prescribed by the State Board.

For the year ended June 30, 2021, the Agency's expenditures/expenses did not exceed the approved budget.

CENTRAL RIVERS AREA EDUCATION AGENCY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – PENSION LIABILITY
JUNE 30, 2021

NOTE 1 CHANGES OF BENEFIT TERMS

There are no significant changes in benefit terms.

NOTE 2 CHANGES OF ASSUMPTIONS

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.65%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

**CENTRAL RIVERS AREA EDUCATION AGENCY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2021**

NOTE 1 BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of Central Rivers Area Education Agency (Agency) under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Agency, it is not intended to and does not present the financial position, changes in financial position or cash flows of the Agency.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported in the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 INDIRECT COST RATE

The Agency has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
Central Rivers Area Education Agency
Cedar Falls, Iowa

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Central Rivers Area Education Agency (Agency) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated February 10, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the Agency's operations for the year ended June 30, 2021 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Agency. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The Agency's Response to Findings

The Agency's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Agency's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

Board of Directors
Central Rivers Area Education Agency
Cedar Falls, Iowa

Report on Compliance for Each Major Federal Program

We have audited Central Rivers Area Education Agency's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Agency's major federal programs for the year ended June 30, 2021. The Agency's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Agency's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Agency's compliance.

Opinion on Each Major Federal Program

In our opinion, the Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Agency's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

- IV-I-2021 Categorical Funding – No instances were noted of categorical funding used to supplant rather than supplement other funds.

**CENTRAL RIVERS AREA EDUCATION AGENCY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEAR ENDED JUNE 30, 2021**

Part IV – Other Findings Related to Required Statutory Reporting (Continued)

IV-J-2021 Deficit Balance – The Agency’s governmental activities had a deficit net position of \$6,610,931 as of June 30, 2021.

Recommendation – The Agency should investigate alternatives to eliminate this deficit to return the governmental activities to a sound financial position.

Response – The deficit is the result of recognizing the Agency’s net pension liability and net OPEB liability.

Conclusion – Response accepted.
